Dear Henry I wrote you a letter when we got here but got no answer you should have got my letter the morning after we left I am sorry things turned out as they did as we wanted to be with you well I don't know what is coming now I have been sick ever since we are here have had the old trouble all the time alma went to the Dr that we always had he said he could do nothing to stop the trouble I would have to go to the hospital for treatment he said I would have to take 10 treatments

at \$15 each and an x ray
and be operated on to
get at the trouble so I
expect to go to the
hospital next week about
tuesday or wed I am
afraid to go but cant
keep on as I am now
have been this way all
summer and now that
there is nothing can be
done will take a chance at
the hospital when we left
Cleveland I thought I
would go to the Country
hospital and see what they
said but did not get there
it sure makes me feel awful
to be like I am as people
think it is lazyness but
it is not as I never know
what is going to happen next

what we wanted to do
is build a single garrage
and fix it in two rooms
for ourselves then we would
not bother no one and
have some chickens we could
have eggs to sell for some
money well now we cant
plan anything till I see
how I come out I hate
to go to the hospital but
cant go on as I am it
worries papa so we
both think it will be best
to go and take what
comes if I dont get over this
papa wont be long after
me. how is plagenburg
coming with his loan hope

it comes out O K I
hardly know what to do
if I get along O K as
we have no money to
live on I dont know if we
can get the pension as we
was away over 30 days
they dont allow that if
we would get to sell the
house it would help us
some well I will close
as I am tired and worried
we are here at almas dont
know for how long I hope
for papas sake I get along
well with Love as ever
