ASK YOUR P

Mr Henry Dale
8545 Sugar and
Normandy Mo

Dear Henry received your
welcome letter glad to hear
from you I did not
answer as papa was
not so well he gets those
attacks every day some
days they are worse than
others you wanted to
know if we would let
you have a lot do you
think you can make a
go of it have you some
one that would buy the
house after you build it
will take a week or so but
dont put it on record
you can have a deed
made and date it about
a year or more back so

if ~~ye~~ we get the pension.
we will say you done
repairing and paid for
material and we gave
you the lot as payment
as we could not pay
in money we will have
to turn anything we have
over if we get the pension.
of course the price you
give us for the lot
will help us some if
nothing else we could
build a single garage
and make it into 2
rooms I would not
want to spend over
one hundred and fifty
for to build it that
would leave us the same
amount to live on with
a chance of selling more

as we must eat we
might get 40 or 50 for
the pension but they
make so many changes
we would not be sure
of anything we would
like to keep ourselves
and be free to do as
we like they are so
strict with everyone getting
pension and rather reduce
it or take it away entirely
away well that dont
cut no figure but I
dont want you to put
yourself in bad for us
if you can see your way
clear go ahead and fix
things up and send us

the deed to sign
put it on record but
we will hold the 2nd
as you would not
hardly have it recorded
when you would pay us
off but we would be
secure if anything happened
you well I dont know
any more to write

so go ahead if you
can make a go of it
but dont forget if we
apply again for the
permission to say we turned
the lot over for labor and
material you bought for
the house before we lost
it as they might
investigate by asking you
if that was the way the
lot was turned over to you

don't let Slosinbach
make out the papers
as he could try and
stop us from getting
any money well I

will close hope things
come out A K so with
love Mother - Dad
I did not let almer
know I wrote this
letter as it is ours
to do with as we
want
