monday

Dear Henry just to let
you know papa is sick
in bed again he verry
near passed away yesterday
he was down stairs and
I was up he came up
and when he got to the
dor he hung to the
cassing I seen he had
a bad spell I ran to
him and just got hold
of his arm when he
went down in a heap
he got cold and all
the coler left him I
put cold cloth to his
head that brought
him to himself he
wanted to know how

he got on the floor
all he said when he
was knocked out was
well I am going all
I could do was put
a pillow under his
head and let him
lay till he got some better
then I got him to bed
and called the Dr.
Docter said it was a
heart stroke he had
he said there is nothing
can be done for him
as his arteries are
hardening owing to
his age and his
heart was so bad but
I sure thought sure it
was the last of him
before I got help I
was alone with him as

2

alma and Joe went out
so I got the boy next
door to go after Irena
and mama and papa
came over right away
Irena staid till alma
come home he is sleeping
now 10 a m alma went
to the Dr last Thursday
for him as he could not
sleep he gave her some
medicine to make him
sleep they helped him
to rest yesterday he
gave him a tablets 3
to be given every hour
and 3 today then he
gave him some for his
heart. to take the sure

no such but don't worry
so I am doing all I
can and will phone you
if he gets worse I am
in hopes he will be OK
in a few days again
of course we know that
some of those strokes will
take him but I do all
I can as soon as he gets
one plenty of cold to
his head and heat to
his feet and rub him
with camphor oil as
that always helps Drs
said that is [illegible]
relieved him yesterday
so if I had not done
what I did right away
he might never have
got up again he has
had bad spells before

but none that he fell
with and got so he
did not now anything
before you thought the
one he had when we
got the Dr from Ferguson
was bad but yesterday
was worse as I expected
he would never come to
again well all I can
do is make him as
comfortable as possible
and hope for the best
I am not writing to
scare you but I feel
you should know as
he might go any time
and again he might
last some time yet

I wrote you about the lot 18 if you want to do as I said in my letter get it fixed up before anything happens I hate to give it up but cant fig on it any more if you should sell and want to give us anything all O.K. if not it is O.K. to I am about crazy and dont know what to do well dont worry any thing [illegible] up will thank you well I must close as ever with lots of Love to all

Mother

thank you for your lovly card and the Dollar
